WHO I AM

I'm Makeda — educator, futures researcher, and healing-centered practitioner. For over 20 years I've worked at the intersection of liberation pedagogy, somatic intelligence, and futures thinking to help young people and organizations navigate complexity with clarity and care.

THE PRACTICE

Quest Labs is a healing-centered futures practice. We don't predict the future — we build the capacity to imagine, design, and inhabit one worth living in.

WHAT I OFFER

- **FLIP Cohort** — 12-week futures program for young adults. Cohort 02 forming now.
- **Flip the Script** — Educator workshops & organizational futures training.
- **Sandbox Sessions** — Free drop-in futures thinking, open to all.
- **Partnerships** — Custom engagements for schools, orgs & coalitions.

APPROACH

Grounded in Afrofuturism, liberation pedagogy, and somatic practices. Trauma-informed. Futures-forward. Community-rooted. Every offering is designed to meet people where they are and move them toward where they want to go.

WHO THIS IS FOR

Young adults ready to think beyond survival. Educators who know their students deserve better futures. Organizations navigating transition. Anyone who has ever felt that the futures on offer weren't made for them.

CREDENTIALS

- **Stanford MEd** — Education, Learning, Design & Technology
- **Quantic MBA** — Business & organizational strategy
- **MA (candidate)** — Futures Research, FU Berlin
- **450+ clients** — somatic & narrative coaching methods

FOR EDUCATORS & SCHOOLS

Flip the Script brings futures literacy into your classroom, faculty room, or district. Half-day, full-day, and multi-session formats available. Designed for educators who believe their students deserve more than the futures they've been handed.

FOR ORGANIZATIONS

Strategic foresight and healing-centered culture design for teams navigating transition, growth, or reinvention. Remote and in-person. Berlin & beyond.

THE FLIP PROGRAM

FLIP is a 12-week cohort for 18-28 year-olds ready to think beyond survival and build futures worth inhabiting. Three tiers from 4 to 12 sessions. Cohort 02 is forming now.

GLOBAL REACH

Work delivered across 37 countries. Community anchored in Berlin with a global diaspora of practitioners, educators, and future-makers.

A NOTE TO SUPERINTENDENTS

If an educator in your district has shared this document with you, something is already working. They believe in building futures-ready schools. Flip the Script is a research-backed, culturally grounded professional development offering that pairs well with existing SEL frameworks. Happy to connect. No sales call required.
